

diy drink koozie template

Supplies:

- * Foam Sheet
- * Pencil
- * Scissors
- * Hole Punch
- * Ribbon, Twine, Stapler or Safety Pins

Directions:

1. Print template.
2. Cut along dotted lines of template.
3. Lay template down on foam sheet and trace koozie image.
4. Cut traced koozie image out of foam sheet.
5. Fold foam koozie in half.
6. Measure around bottle, can or glass to adjust sides. May need to trim to make fit smaller objects.
7. **For a homemade look:**
Hole punch 2-3 times along the sides and tie ribbon or twine through holes to secure sides:

For an industrial look:
Staple sides to secure.

For a punk look: Use safety pins to secure.
8. Enjoy!
